

ERRATUM

A method for numerical solution of the advection equation

By L. B. PEDERSEN and L. P. PRAHM, *The Danish Meteorological Institute,
Air Pollution Section, Lyngbyvej 100, 2100 København Ø, Denmark*

(Manuscript received February 10, 1976)

In *Tellus* 26 (1974), 5, formula (18) on page 597 should read:

$$(R^{T+1})^2 = \frac{\sum C_i R_i^2}{C^{T+1}} + 12 \left(\frac{\sum C_i F_i^2}{C^{T+1}} - \left(\frac{\sum C_i F_i}{C^{T+1}} \right)^2 \right)$$
