## Editorial Message

It is with great satisfaction, excitement, and expectation that I invite you to read the current issue of the Journal of University of Ruhuna (JUR), a bi-annual online multidisciplinary journal. JUR is a platform established with the aim of motivating the researchers in the multidisciplinary areas of research and development. JUR started with an intention to publish research performed as reviews and original research articles related to broad scientific areas.

JUR provides free access to all articles published without any barriers to the scientific community. Currently, we invite most exciting researches and authors to access journal home page for a complete list of aims and scope of the JUR. We are primed to provide a rapid turn-around time of the articles submitted to JUR. However, all submissions are peer-reviewed and the expert reviewers are invited to join the team.

Hence, JUR call the eminent personalities in respective fields to strengthen our journal by joining in editorial board and publish their valuable work with JUR. At the same time, I welcome opinions and comments to improve the editorial policy of the JUR.

I am highly obliged and convey most sincere gratitude and kindest regards to authors, reviewers and editorial board members. I hope you find this journal informative and useful. It is a new initiative. Your valuable comments and suggestions will help us improve the quality and content of the journal. I hope by cooperation and blessing of all authors, reviewers and editorial members, JUR will be useful for researchers.

With warm regards

Prof Rohan Rajapakse
