

GUIDELINES FOR REVIEWERS

Baltic Journal of Law & Politics (BJLP) is a scholarly journal that publishes scientific research (articles) in the fields of law and politics, with priority on the interdisciplinary interstices between law, politics, and their respectively corresponding fields of theory. BJLP gives preference to problem-oriented works over merely descriptive research.

Communication between the members of the Editorial Board, reviewers, and authors is conducted primarily via e-mail.

Each submission to BJLP is initially reviewed in a meeting of the team of Senior Editors (comprised of Senior Editor-in-Chief and Senior Editors) prior to being sent to the selected peer-reviewers. The editors pay careful attention to content-compatibility, formal requirements, and general BJLP policies.

If accepted by the Editorial group, all manuscripts are reviewed by at least two peer-reviewers, who are selected based on the field(s) of their specialization. The reviewers are primarily selected from the members of the Editorial Board at large, but also outside scholars and specialists of the respective fields may be invited to contribute to the review process.

Neither the reviewers' identities nor any communications inside the Editorial Board and team of Senior Editors are disclosed to the authors. At least one reviewer is asked to review the submission in double-blind mode. If a contributor is a member of the Editorial Board or team of Senior editors, s/he is suspended from all review processes related to her/his paper.

Reviewers are kindly asked to return their reviews within 4 weeks of receiving the article.

After the issue is prepared for publication, all its articles, prepared in PDF format, are sent out via e-mail to the members of the Editorial Board for their remarks and comments on the editorial work in BJLP and its possible improvement.

We greatly appreciate the time and effort given by the editors and the reviewers in evaluating papers submitted for publication and/or published in our journal.

The BJLP review form (for reviewers) is provided in BJLP's central webpage.
