INFORMATION FOR AUTHORS

Author Responsibilities

The IMS SAS will distribute the journal MSR throughout the world and wants to ensure that the material submitted to its publications is properly available to the readership of this publication. It is the responsibility of the authors, not IMS SAS, to determine whether disclosure of their material requires the prior consent of other parties and, if so, to obtain it.

Author / Employer Rights

If the authors are employed and prepared the Work on a subject within the scope of their employment, the copyright in the Work belongs to their employer as a work-for-hire. In that case, IMS SAS assumes that when they sign this Form, they are authorized to do so by their employer and that their employer has consented to the transfer of copyright, to the representation and warranty of publication rights, and to all other terms and conditions of this Form. If such authorization and consent has not been given to the authors, an authorized representative of the employer should sign this Form as the Author.

MSR Copyright Ownership

It is the policy of the MSR to own the copyrights to all copyrightable material in its publications and to the individual contributions contained therein, in order to protect the interests of MSR, and, at the same time, to facilitate the appropriate re-use of this material by others. The publisher distributes its publications throughout the world and does so by various means such as hard copy or electronic media.
