The review form of the manuscripts in the "Polish Cartographical Review"

1. Is the title formulated properly? Does it correspond to the article?
2. Is the subject matter relevant for today's state of the cartographic knowledge? Is it important and interesting for the readers of our quarterly journal?
3. Are the content layout, order of chapters and language correct and understandable for the readers?
4. Are the abbreviations or supplements intentional? Please, make your suggestions.
5. Is the appropriate literature quoted? Does the quoted literature correspond to the current state of cartographical knowledge?
6. Are the illustrations well-chosen and properly made?
7. Other comments and suggestions.
8. Can the manuscript be accepted for the publication in the "Polish Cartographical Review":
 - without any significant changes;
 - after the changes and amendments;
 - the manuscript is not qualified for the publication.
