

Quantum Algorithms and Relative Problems

Dear Colleagues,

In this Special Issue, we aim to publish a collection of original and high-level leading research papers of quantum algorithms and relative problems, including new and interesting quantum algorithms, quantum algorithm complexity, automat theory, quantum simulation, etc. In particular, we welcome the quantum algorithms come from physics science.

Guest Editor

Prof. Junde Wu (Zhejiang University, P. R. China, E-mail: wjd@zju.edu.cn)

Research Interests: Functional Analysis, Quantum Information and Quantum Computing

Keywords

- Quantum algorithms
- Quantum algorithm complexity
- Automat theory
- Quantum simulation

Submission Deadline: May 1, 2026

Manuscript Submission Information

Manuscripts should be submitted online at <https://sciendo.com/journal/QIC>. Submitted manuscripts should not have been published previously, nor be under consideration for publication elsewhere. All manuscripts are thoroughly refereed through a double-blind peer-review process. A guide for authors and other relevant information for submission of manuscripts is available on the [Instructions for Authors](#) (See via the “For Authors” on journal website) page.
